

# User Guide

## How to find module in admin area

The screenshot displays the Magento Admin Panel interface. At the top, there is a navigation bar with the following tabs: Dashboard, Sales, Catalog, Mobile, Customers (highlighted), Promotions, Newsletter, CMS, Web, Reports, and System. A search bar labeled 'Global Record Search' is located in the top right corner. Below the navigation bar, there are two messages: a 'Latest Message' about Magento CE 1.8.1.0 and a warning that 'One or more of the indexes are not up to date'. A dropdown menu is open under the 'Customers' tab, showing options for 'Catalog Price Rules', 'Shopping Cart Price Rules', 'Cash on delivery rules', and 'COD'. Below the messages, the 'Online Customers' section is visible, featuring a table with columns for ID, First Name, Last Name, Email, IP Address, Session Start Time, Last Activity, Type, and Last URL. The table currently shows 'No records found.' and includes pagination controls (Page 1 of 1 pages, View 20 per page) and buttons for 'Reset Filter' and 'Search'.

## Adding new rule

**Magento Admin Panel**  Logged in as swathi | Thursday, July 25, 2013 | [Try Magento Go for Free](#) | [Log Out](#)

Dashboard Sales Catalog Mobile Customers Promotions Newsletter CMS Web Reports System [Get help for this page](#)

**Latest Message:** Magento CE 1.6.1.0-stable Now Available [Read details](#) You have **1 critical**, 4 major, 19 minor and 39 notice unread message(s). [Go to messages inbox](#)

**One or more of the indexes are not up to date:** Product Attributes, Product Prices, Catalog URL Rewrites, Product Flat Data, Category Flat Data, Category Products, Catalog Search Index, Stock Status, Tag Aggregation Data. Click here to go to [Index Management](#) and rebuild required indexes.

### Cash on delivery prices - Local fee
